Defense Drill To Be Held Monday

A civilian defense drill scheduled for Saturday has been postponed until Monday at 7:30 p.m., Mayor Floyd D. Granger said this week.

The drill, a 90-minute affair, will test control center workers, police and fire auxiliaries, demolition workers, rescue squadsmen and certain selected senior air raid warden districts.

Rather than have all air raid wardens report for duty and not all of them receive a call, only those who receive calls will report Monday. Those to be tested will be notified by mail.

Speaker Tells OCD Rules

Emergency medical services in San Mateo County civilian defense today faced the necessity of reorganization of personnel and procedure to conform to Office of Civilian Defense regulations, laid down Tuesday night in Burlingame by Dr. Morton R. Gibbons, deputy state chief of emergency medical service.

Addressing assembled local emergency medical chiefs and their deputies at county civil defense headquarters, Dr. Gibbons pointed out that the national plan calls for dispatching doctors to the scene of incidents as soon as possible. Heretofore first aid and ambulance teams have been dispatched by control centers to bring casualties to doctors at hospitals or casualty stations.

HOSPITAL DISPATCHING
Dr. Gibbons recommended that squads of doctors and nurses be organized and dispatched from hospitals.

"Doctors must take charge," he emphasized, citing heavy fatalities in England and Spain resulting from lack of professional aid at the scene of casualties, or in casualty stations where inadequate equipment and personnel made adequate examination and treatment impossible.

First air teams as such, except in factories, will henceforth be known as "stretcher bearers" to conform to OCD terminology. Casualty stations will not be manned until after an incident has occurred.

CONTROL ROOM DISPATCHER
Emergency medical service chiefs, sitting at the control centers, will dispatch squads from hospitals. Squads comprise from two to four doctors, nurses, auxiliaries, equipped to man a casualty station or to set up a first aid post at the scene of an incident.

Ambulances will be dispatched by the transportation officer or Red Cross officer on the control board, as the case may be. These and other details were explained to the emergency medical service director.

EXPRESSES SURPRISE

Dr. Gibbons expressed surprise that the Red Cross had relinquished its first aid and ambulance organizations in the county, explaining that such a move was unnecessary.

"Any organization which will place its facilities under control can retain its organization," he explained. "A Red Cross officer sits on the Bay Area Defense Council with control over Red Cross supplies in various warehouses. There is no need to dissolve Red Cross services."

Earl P. Wilsey and Dr. Benninghoven said the transfer of Red Cross first aid and ambulance functions, now being transferred to defense councils, was made to centralize control.

R.C. Man Is Member Of 'Grim Reapers'

Ensign Russell L. Reiserer, son of Mr. and Mrs. R. L. Reiserer, 510 Roosevelt Ave., Redwood City, is a member of the "Grim Reapers," a navy fighter plane squadron composed of 26 fliers who have been training together in San Diego for several weeks.

The squadron was commissioned Sunday night at a dinner, attended by Pat O'Brien and other Hollywood film colony members.

The flying group has adopted for its motto the battle cry, "Mow 'Em Down." Its insignia portrays a skeleton, the "Grim Reaper," in a headlong dive, his scythe cocked and ready to strike.

Reiserer, a former Sequoia High School and Stanford student, enlisted in the U. S. Naval Reserve Apr. 12, 1941, and was appointed a cadet June 26, 1941. He was commissioned an ensign at the U. S. Naval Air Station at

Polls Favor Hugh H. Smith

Indorsements of Hugh H. Smith for the position of county executive continue to pour into the San Mateo campaign headquarters, according to an announcement today by James H. Kane, San Mateo manager for Smith's candidacy.

The latest indorsement comes from the Five Townships Club, Kane said, and gives Smith an overwhelming majority of the membership's support in his contest for the office of county executive. In addition two more straw ballots in opposite ends of the county give Smith high tribute, Kane added.

In the Daly City Lions Club at a recent poll on how the membership stood in regard to county candidates, Smith walked away with the votes, the San Mateo manager declared. He pointed out that of 16 votes cast Smith took 15, and Peterson got one.

The same sort of percentage prevailed at a canvass of the 20-30 Club in Redwood City at its last meeting, Kane reported. He explained that in the tally of votes cast Smith came out with 20, with one vote each for Peterson and Witt.

"We are justified," Kane said, "in feeling confident of victory in August, if polls, surveys and forecasts from every section of the county are even only half right. In every section thus far Smith has so outshone his opponents, that their showing is really negligible."

Hugh H. Smith attributes this great progress to the very fine work of thousands of friends out every day working with the determination to put a man in the county executive's office, who can eliminate strife and discord, and bring harmony to county government in its hour of peril. "It is truly amazing how many people are expressing themselves as disgusted with the bickering and discord emanating from the county executive's office, when everywhere else people are striving for unity of purpose."

MENLO PARK NEWS

BY D. E. O'KEEFE

James Groner is here from Los Angeles seeking a location to establish a skating rink. He has been shown several sites, but favors one on Oak Grove Ave.

Thomas Conlan of Arizona is here seeking a home for his family. His two daughters will attend Stanford next quarter.

Jack Welsh, an officer in the U. S. Navy, will be home on a short furlough next week. Mr. Welsh has been in the service for over a year and during that time has visited many parts of the world.

Chief of Police Thomas Kearney, his father and Councilman Cutter left Tuesday on a vacation of two weeks. They will visit many points of interest in California before returning.

Two sales of real estate in Stanford Park were made this week. The buyers are San Francisco residents who are to build when normal times are here again.

Mr. and Mrs. Ray Law and their daughter, Patricia, are here from Arizona to spend the Summer with Mrs. Law's father, James T. O'Keefe.

Mrs. Eleanor Walker, wife of William Walker, the well known contractor, passed away in Boulder City Tuesday. She is survived by her husband and three children. Mrs. Walker was dearly beloved by all who knew her.

With the completion of the highway through town two new business firms are to open in Menlo Park. One is a grocery store and the other a meat market.

You Can Help Make Telephone Service Meet Demands of War

By keeping conversations BRIEF.
By being sure of your number before you call.
By using Long Distance for essential messages ONLY.
By using station-to-station service wherever possible for toll calls.

Your cooperation will aid in this national emergency because the demands of war have loaded our long distance lines and many of our local facilities to capacity and beyond.

Materials required to increase circuits and switchboards cannot be obtained—they must go into the making of weapons and munitions. It is not now possible to build more plant.

Therefore, we all are confronted with the necessity of getting the most out of what we have. In following the above suggestions, you can save yourself time and expense and you will help us keep the way clear for War Messages That Must Go Through.

We appreciate your splendid response in helping to meet these problems which involve the safety and security of us all.

Whitehead Speaks At Exchange Club

J. H. Whitehead, Redwood City agent for Southern Pacific who spent many years in Manchuria, China and Japan after the First World War, told Exchange Club members Tuesday night that in his opinion the Aleutian Island invasion by the Japanese is more for the purpose of preventing an invasion of Japan by the United States than to pave the way for a Japanese invasion of this continent.

He spoke of his experiences in Asia, and gave his belief that at the close of World War I Japan was preparing for conflict with America.

Chairman was Dr. Rollo LaBerge.

Oil seepages are found in several Chinese provinces, but examination has indicated that underground reserves are small.

City Council Delays Manager Appointment For 30-Day Period

Redwood City council factions this week had placed a 10- and 15-cent price ceilings on their respective political efforts after an abortive effort Monday night to name a city manager to succeed the late Charles L. Dimmitt.

After the stage apparently had been set in a pre-meeting caucus, Councilman Evans A. Fletcher nominated Mark S. Larwood, Redwood City planning commissioner and appraisal deputy in the county assessor's office, to become city manager. Councilman George W. McNulty was prepared to move that nominations be closed when the storm broke.

In his nominating speech

Most effective pressure for delay came from the floor.

Britschgi moved that the appointments be delayed 30 days. His motion failed when only Hilton, Granger and himself voted "yes." After speakers from the floor came to bat, however, Werder reconsidered and the vote for 30-day postponement was unanimous.

Among the speakers were: A. N. Patterson, who proposed that Willis G. Frost be named city manager.

John Nordstrand, who said the Commuter's Club could not

see the importance of acting this week or in the next two or three days.

Wrex W. Cruse, who, having presented the council with pictures of Washington, Lincoln and Roosevelt, said he felt like an "Indian giver" and wanted them back. "Don't be like the county," he pleaded. "Be big men."

W. O. Tyson, who asked the councilmen to be more friendly and not to send Werder into the service feeling the council was against him.

Harry Harrison who accused

the majority of attempting to "railroad" an appointment.

From the councilmen came two pledges. Hilton promised to "talk to no one on the subject except when all are present." Said Granger: "You'll get a seven-man council before we vote on city manager."

Werder then asked and was granted a 90-day leave of absence, effective when he receives his orders from the navy.

Other news of last night's council meeting will be found on Page 3.

Johns-Manville Journal

IT'S THE WAY WE WANT

War is not nice, but it does open our eyes to a lot of things.

Already, this war has shown that, after all, we must all like America pretty darned well, the way we've rallied to fight for her now that she's in a jam.

We're like a healthy family whose members scrap some among themselves—but just let some outsider start to pick on any one of 'em!

War has helped us realize that what we want in this world is freedom—the American way—the right to dream, to hope, to improve ourselves as individuals, to educate our children, to rise to save and invest money, to start our own little store or factory, to have our own business someday or to cooperate happily and profitably in somebody else's business.

The very way in which we have allowed ourselves to be regimented in our war efforts, shows that we don't ordinarily like regimentation in peacetime.

We don't want any "isms" here but Americanism.

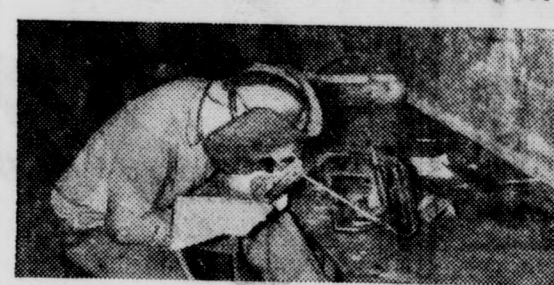

As a sample of how Americans are lining up in this war against the dictators, look at the situation at Johns-Manville: more than 1,600 J-M men are now serving with the U. S. Canada and Britain. More than 97

"We may have had some differences, but we're together now!"

per cent of J-Mers are buying war bonds and stamps. About 80 per cent of J-M products are for the war. J-M is operating a huge ordnance plant in the Midwest. And J-Mers are taking to higher taxes, home defense work and war inconveniences with a smile.

We, in our typically American way, may have crabbied at many American things, but we now know, as never before, that the American way is the WAY WE WANT.

J-M FAMILY ALBUM

THE SAFE WAY—Keeping vital equipment in repair these days is more important than ever because of shortages of critical materials. At J-M plants every precaution is taken so that men will not be injured or time will not be lost through accidents. Above, one of J-M's welders at J-M's Alexandria, Ind., plant guards his eyes while making repairs.

Blooming War Stamps

The latest flower fashion for the ladies is the War Stamp corsage.

War Stamps are used for the flower part of the corsage.

These blooming War Stamps boom sales for Uncle Sam.

At J-M's General Headquarters in New York these patriotic corsages are made by Miss Mabel Golding of the Industrial Relations Department.

E.P.A. Youth Promoted
To Sub Chaser Command

EAST PALO ALTO—Ralph Otto Herbig, USNR, has become, at the age of 23, one of the younger officers to have command of a United States naval vessel, according to word just received by his parents, Mr. and

RALPH OTTO HERBIG

Mrs. Otto Paul Herbig of 118 Donohoe St., East Palo Alto.

Herbig was promoted to the rank of lieutenant (j.g.) on July 1 of this year, and on July 25 was placed in command of a submarine chaser, presumably operating off the East Coast. At any rate, he has already seen plenty of action at sea, according to his parents.

R.C. Photographer
Leaves \$129,000

The late Roscoe W. Perkins, Redwood City photographer, left an estate valued at \$129,934.02 according to an appraisal filed in superior court Tuesday by Bradford Melvin.

Perkins died Jan. 13, at the age of 64, leaving an estate consisting of Redwood City real estate holdings, stocks, cash and bonds.

Main stock holdings were in the Christiana Securities Co., the Hawaiian Pineapple Co., Ltd., the American Telephone and Telegraph Co., and the Rockland Light and Power Co. Perkins, a bachelor, left his estate to several cousins in a will filed for probate in January by Walter O. Perkins of Mill Valley.

Retired for 11 years before his death, he had operated an East Palo Alto vegetable nursery as a hobby.

The Cliffside Field near Amarillo, Tex., is estimated to contain more than 2 billion cubic feet of recoverable helium.

and of San Mateo Junior College, joined the V-7 class of the U. S. Naval Reserve in Palo Alto just two years ago, and was commissioned as an ensign in March, 1941, when he went into active duty.

Plea for Special Hearing Fails to Materialize

The threatened plea of Police-
man James Flynn for a hearing
of his grievances against Chief
C. L. (Mickey) Collins has failed
to materialize. C. W. Eltringham,
acting Redwood City city man-
ager, said this week.

Flynn quit his job in protest
to his working hours and in a re-
sulting controversy Councilman
Carl (Ike) Britschgi suggested a
"shake up" of the entire police
department.

Since then Flynn was grant-
ed a year's leave of absence by
the late C. L. Dimmitt, city
manager.

Britschgi said Flynn would
nevertheless petition for a hear-
ing but today Eltringham said
he had received no such request
from the patrolman and that he
believed the matter had been
dropped.

Last week Mayor Floyd D.
Granger predicted that in any
event Collins was assured of his
position despite threats of his
removal indicated at a city
council hearing of the resigna-
tion.

Our Farmers Fight the War with ELECTRIC POWER

THERE'S AN ARMY in California that never smells the smoke of
battle, yet is waging a determined offensive to help win the war.
It is our battalions of farmers, marshalled in every fertile valley,
producing food stores by the shipload for the sustenance of our
armed forces and those of the United Nations. The farm troops fight
with modern weapons, chief of which is Electric Power. California's
agriculturists lead those of all other states in the United States
in their employment of Electricity for bigger and better crops.

In the 46 counties into which P. G. & E. lines extend, there
are 77,181 farms within one-quarter mile of an electric
distribution line. Of this total, 95.9% have electric service
for the lighting of buildings and operation of a legion of
time and labor saving machines
and appliances.

Better than nine out of every ten
farms in the territory we serve are
increasing their production of veg-
etables, fruits, grains, poultry and
livestock, with the aid of tireless
and efficient electrical helpers. This
means much in this day when every
able bodied man is needed for mil-
itary service or industrial labor.

For many years this Company has
been building its agricultural ser-
vice—extending lines, improving
service, reducing rates, making
available to every rural district the
advantages of Electricity for farm
operation.

The war emergency now finds Agri-
culture here fully equipped electric-
ally to provide record breaking
supplies of victory foods.

SAFEWAY Homemakers' Guide

★ How to have more fun during vacation ★ A list of fine foods,
low-priced every day ★ What one girl learned about easy shopping

How to keep cooking from spoiling your vacation

Like most of us, you are probably stay-
ing close to home for your vacation this
year—which means that household duties
may go on as usual, vacation or no vaca-
tion. But with a little clever planning, you'll
be amazed at how much more time there
is for leisure. And you'll find vacations at
home can really be lots of fun.

Below, the Safeway Homemakers' Bureau
has suggested several time-saving ideas.
See if you don't think they're good ones.

Plan menus ahead of time. Allow plenty
of variety, including a few foods you don't
often buy; but choose things that cook
quickly, or may be partially prepared in
advance. Don't undertake elaborate, time-
consuming cookery—unless that's your idea
of fun!

Plan shopping lists with menus.
Streamline your shopping trips to a mini-
mum. There's no point in spending your
vacation traveling back and forth to the
store. Buy the major part of your gro-
ceries early in the week. Then, in between
times, you'll only need to buy the most
perishable foods.

Be leisurely. Shop early in the day when
stores are less crowded—you are less
rushed—and the selection is better.

Be forehanded. Plan foods that can be
prepared in advance. Meat loaves, casse-
roles, molded salads, puddings and cookies
are good examples.

Be cool. Do your heavy cooking in the
cool of the morning, or even the night be-
fore if possible.

Be smart. Purposely plan meat leftovers
every so often for easy second-day cook-
ing. Roasts, fried chicken, baked ham, for
instance.

And here's a menu that shows you what
we mean by advance preparation and
tasty eating.

VACATION MENU

Baked Ham Loaf—Served Hot or Cold
(Mix and mold meat in advance; keep in re-
frigerator until ready to bake.)

Scalloped Noodles

(Cook noodles; combine with hot cream sauce;
keep in refrigerator until time to bake; dot
with buttered crumbs and brown in oven.)

Buttered Freshly-Cooked Peas

(Shell and cook just before serving)

Sliced Tomato, Grapefruit Section,
and Avocado Ring Salad with
French Dressing

(Keep scalded tomatoes in refrigerator ready
to peel; prepare salad at the last)

Heated Rolls Butter

Fresh Peaches and Cream

(Slice fruit just before serving)

Oatmeal Cookies

(Baked in an ambitious moment)

Coffee, Milk, or Iced Tea
